## Lane Closure Delayed to March 25

Installation of the light poles between Gilman Street and 887 Congress St. has been delayed until Monday, March 25, due to weather.

Traffic will be reduced to one lane on Congress Street and Gilman Street to accommodate a crane installing new light poles between Gilman Street and 887 Congress St.

In addition, Congress Street between Gilman Street and the pedestrian bridge at 887 Congress St. will be down to one lane from 6 a.m. – 5 p.m. on Monday, April 1, so that contractors can remove concrete barriers and install a chain link fence by the Malone Family Tower construction site.

Flaggers will be on hand to direct traffic on both days.
