MaineHealth
Accountable Care Organization

July 2026

Dear Practice Leader,

Thank you for your ongoing participation in the MaineHealth Accountable Care Organization (MHACO). I am writing to share the portfolio of value-based care contracts for 2026 that our team has negotiated on your behalf.

The ACO team remains dedicated to securing and maintaining value-based agreements that promote high-quality, coordinated care, while also providing meaningful financial opportunities for practices. We take pride in representing the network during these negotiations and managing these relationships.

As a reminder, this information is confidential. If you would like reimbursement information, please complete and return the enclosed confidentiality agreement and we would be happy to send a list of the reimbursement methodology of each payer to you. This can be faxed to us at 207-771-2005 or emailed to us at contactmhaco@mainehealth.org

To support our shared success in 2026, we ask practices to focus on three areas: (1) improving performance on key quality measures (e.g., diabetes care measures, colorectal cancer screenings, hypertension control, and child & adolescent well-care visits); (2) reducing unnecessary cost and utilization through care-variation reduction work (including transitional care management, timely palliative care referrals, and enhanced support for highly complex patients); and (3) strengthening clinical documentation through complete and accurate capture of active conditions—often best addressed through annual wellness visits and ongoing documentation of conditions that persist year to year.

We appreciate your ongoing engagement in these efforts and your partnership in advancing value-based care across the MHACO network.

If you have any questions regarding the 2026 contract portfolio or related initiatives, please get in touch with us at contactmhaco@mainehealth.org.

Sincerely,

Marcedas K. O'Toole
