

The Coulombe Center *Award for Innovation*

The Coulombe Center for Health Improvement's Mission: The Coulombe Center for Health Improvement acts as a catalyst for action within the community by building relationships and working collaboratively with others to enhance assets in the region and fill gaps, as appropriate, linking people, organizations and resources, but not duplicate efforts in the community.

The Coulombe Center Award for Innovation was created in 2018 to highlight community partner organizations who are doing innovative work within the LincolnHealth service area. The selected organizations provide services or perform activities that align with the mission of the Coulombe Center for Health Improvement and look to improve the health of those living and working in Lincoln County. The goal of the award is to build capacity in the community and to further develop innovative programs that already exist locally.

Award Guidelines and Eligibility

- Nominees may not be self-nominated.
- All nomination forms must be complete.
- Nomination forms should include up to two letters of recommendation from organizational partners or clients/families served.
- Nominees must be working within the LincolnHealth service area.
- Nominees must be non-profit organizations.

Nominations

Nominations will be completed and submitted to the Coulombe Center by April 15. A panel of volunteers made up of LincolnHealth Leadership, Community Committees representatives, and CCHI staff will review nominations and select an awardee each spring.

The Award

Award winners will be honored at a recognition event in the spring and will receive a framed document recognizing their efforts and funds to help further develop their program.
