

# ***Giving Together*** Employee Drive 2023

October 16-20 at WCGH and October 23-27 at PBMC

---

## FAQs

---

### **Why should I give?**

When you donate to either PBMC or WCGH, it sends a meaningful message that you believe in the work that we do to improve the health and wellbeing of those we serve. Gifts from care team members are particularly powerful because they demonstrate that those closest to our organization are personally invested in our mission. When care team members contribute financially, external donors take note of the commitment and are more likely to give themselves.

### **How will my donation impact my department?**

Donating to the employee drive will impact the whole hospital, which benefits every department. The projects we are focusing on will enhance the patient experience, as well as care team member experience, and will demonstrate the pride you have for our workplace and our mission.

### **How much should I give?**

Making a donation is a personal decision and every contribution is welcome. Care team member participation at any level is more important than the amount given. Gifts of \$5 or more qualify for a thank you gift.

### **How do I give?**

How you choose to give is up to you. We offer many giving options including cash, check, credit card, payroll deduction and donations of PTO.

### **Can I choose which hospital/project my gift is designated to?**

Yes. Your gift can be designated to the hospital/project of your choice. Undesignated gifts will support both projects.

### **Will I be recognized for my gift?**

Yes. You will be recognized for your gift in our annual report. The amount of your gift will not be published. You may choose to remain anonymous.
