

## Newborns with Cleft Lip and Palate - Newborn Nursery

### Barbara Bush Children's Hospital Cleft Lip and Palate Clinic

The Cleft Lip and Palate Clinic is a multidisciplinary team which consists of a plastic surgeon, geneticist, orthodontist, pediatric dentist, oral surgeon, otolaryngologist, speech/language pathologist, social worker, and team coordinator. The team meets monthly in 887 Congress street offices.

### Recommendations for Newborns with Cleft Lip/Palate at Maine Medical Center:

- If the cleft was known prenatally, the Cleft Team may have met with the family prenatally. Notes from this visit are available in Epic in the mother's chart.
- Order pediatric feeding team consult via Epic.
- Genetics consult (Dr Rosemarie Smith weekdays, on call geneticist on weekends/holidays)
- Plastic surgery consult (Plastic and Hand Office # 879-1646)
- Notify Cleft Palate Team Coordinator, Amanda Payne, FNP by calling 662-5143 (office is 4809A, 4th floor East Tower). Amanda will meet with the family during their hospital stay and schedule the patient for the first visit with the Cleft Lip and Palate Clinic following hospital discharge.
